

INVESTMENT FINAL DISCLOSURE

Redavia

December 2018

Project overview

REDAVIA offers rental solar power for businesses and communities – with a regional focus on East and West Africa. The REDAVIA system is based on a preconfigured container model, including high-performance solar modules and high-quality electrical components. It is easy to ship, set up, scale and redeploy. Businesses and communities benefit from a cost-effective clean energy solution without the need for upfront investment or technical skills, supporting the reduction of carbon emissions and increasing the impact on a sustainable society.

Funding objective

EDFI Electrifi to support REDAVIA C&I solar rental expansion in Ghana.

Investment rationale

REDAVIA plays a catalytic role in bringing solar PV solutions to medium-sized enterprises in Ghana. It revolutionizes the energy access and brings strong economic benefits for the off-takers.
